

Narvi Trio

Narvi's latest model for 2016!

The Trio is uniquely designed and it fits perfectly in both traditional and modern sauna rooms. The casing is made of steel and heat resistant stone mass. The triangular form makes it possible to mount this heater even in the corner. External electronics and control panel make it easier to install the heater. Safety distance to sides only 50 mm!

	<i>Trio 6,8 kW</i>	<i>Trio 9,0 kW</i>
